

## What to do with my video plugin activation code

Open the Gogogate2 app on your Smartphone and press the "EDIT" button.

In the Edit Menu, select the Gogogate2 device you want to configure and hit the "CONFIG. DEVICE" button.

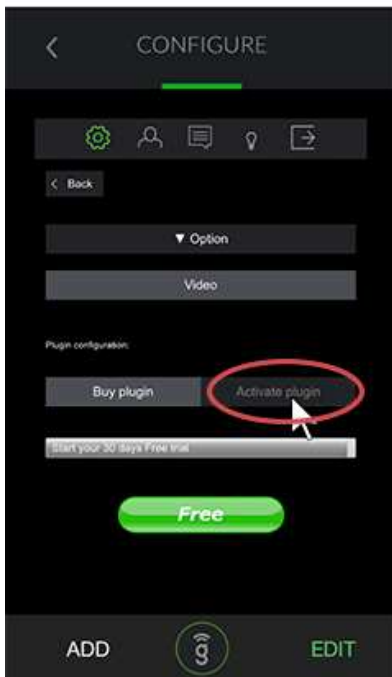

In the Settings menu, select the Video option

## DID YOU ACTIVATE THE FREE TRIAL VIDEO PLUGIN?

NO

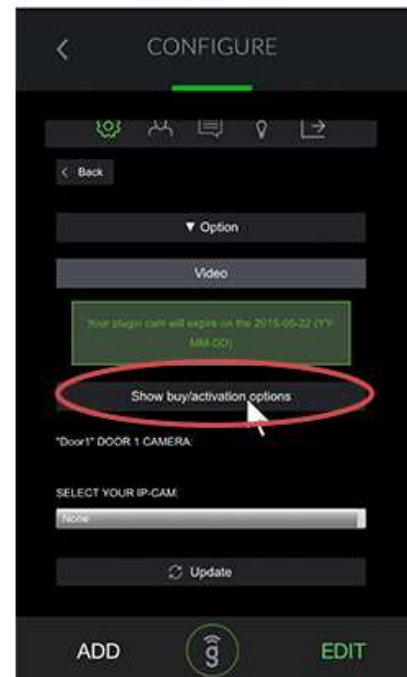

YES

### STEP 4a

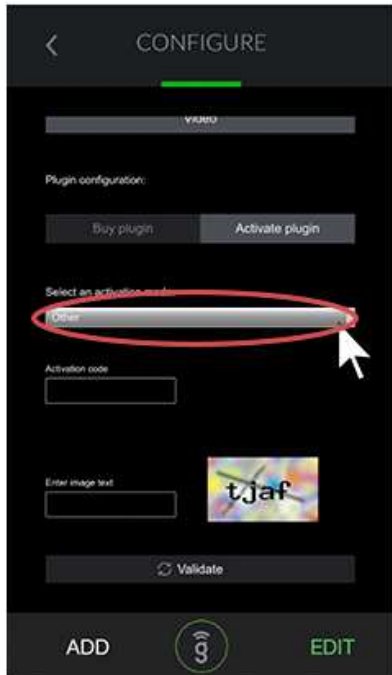

In the Video option, press the "Activate Plugin" button.  
NB: Before pressing the "Activate Plugin" button, you can activate your 30 days free trial if you haven't done so yet. Once your free trial is active, you may refer to instructions 4.b and 5.b if willing to activate your purchased video plugin.

### STEP 4b

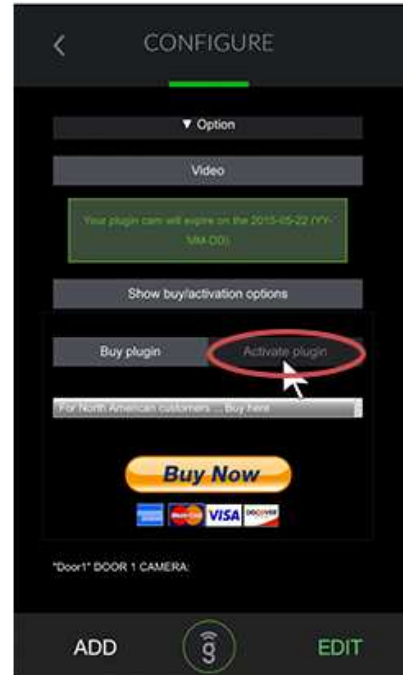

First, select the "Other" option in the "Select an activation mode" dropdown menu. Then introduce the provided "Activation code" and introduce the security image text.

### STEP 5a

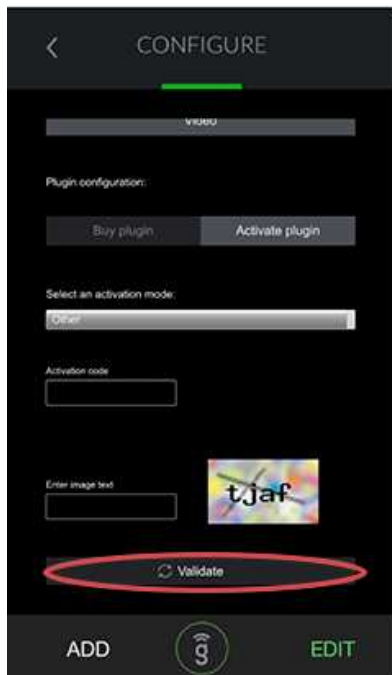

First, select the "Other" option in the "Select an activation mode" dropdown menu. Then introduce the provided "Activation code" and introduce the security image text.

### STEP 5b

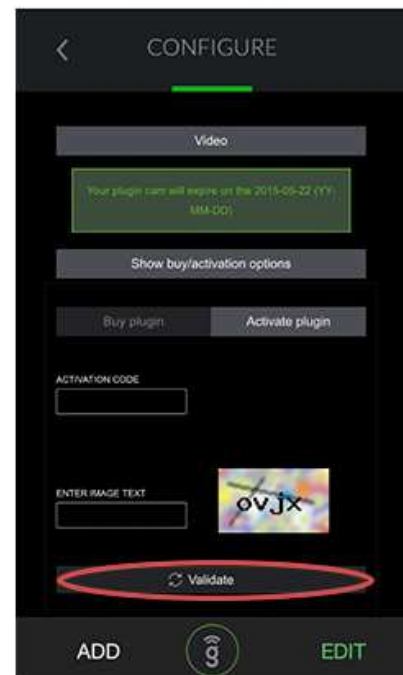

First, select the "Activate plugin" option. Then introduce the provided "Activation code" and introduce the security image text.

### STEP 6a

Finally press "Validate" to activate your Video Plugin subscription.

### STEP 6b

Finally press "Validate" to activate your Video Plugin subscription.
